

Meeting 23 APRIL 2010 1800 hours, Camp Phoenix

Warrant Officers from the host 186<sup>th</sup> BSB, and 38<sup>th</sup> Division, had our first meeting after the 48<sup>th</sup> and 148<sup>th</sup> have departed.

We did not have all in attendance that was desired, however, we did have some good discussions on what we might like to see in the Chapter.

We had some discussion on the possibility of the changing of the CW5 rank design. Everyone was in agreement that it needs to be something else other than what it is.

We had some discussions about the Association Coin and the process for getting more coins.

Discussion of renewing the Recycling Program on Camp Phoenix.

There was some discussion on how people felt about changes that were taking place within WOES. It was a pretty interesting discussion as we had such a wide variety of people in the room, from starting the program in 1987 and comparing it up to people that have just completed the program within the last year.

We also had discussions about what we wanted to do about times and dates of future meetings and possible location to hold the meetings. The previous and current location had a lot of conflicts. So a possible location of the conference room at the DFAC will be looked into by CW2 Zeber and be announced with the next meeting date flyer.

Put out the Camp Phoenix website to personnel in attendance.

3 new members of the WOA: CW4 Kent Samson, CW2 Darryl Zeber, WO1 Melissa Zeber.

The meeting was adjourned at 1930 hours with refreshments in the conference room.
