

## Warrant Officer Recruiting Week & The Fort Hood "Silver" Chapter

CW4 Melissa L. Farmer and CW4 Nicole E. Woodyard joined forces during Fort Hood's Recruiting Week. The two teamed up to provide a holistic experience for potential Warrant Officer.

CW4 Farmer and her team gave the formal briefing to potential candidates while CW4 Woodyard set up a WO Packet Review Workshop to link a Warrant Officer as a mentor as the NCO's completed the application process. This duo kept the momentum up and motivation for future Warrant Officers.

CW4 Farmer was also the guest speaker during the United States Army Warrant Officer Association Fort Hood "Silver" Chapter monthly meeting and gave insights to the updates and changes so the Warrants in the field can stay current on the recruiting standards.

The Fort Hood "Silver" Chapter conducted a Packet Review workshop and provided one-on-one interaction with potential candidates ready to submit for the next board. Part of this team included WO1 Fleary, CW Goode, CW3 Stewart and CW4 Spiher.
